H-DAY IS FUN DAY FOR 300

Some Questions Answered

The above chart needs no embellishments to show the dramatic increase in total alumni financial support to Oglethorpe during the last three years.

The officers of the National Alumni Association and the Booster Club are gratified that alumni have seen and accepted the need of Oglethorpe for their support.

Some alumni have contributed without knowing exactly what their gifts were doing and others have been reluctant to contribute for the same reason. As a result, the officers feel the alumni should be given answers to their recurring questions.

Typical questions and the answers are listed below:

1. To what funds can I contribute?

Thranhardt, Schmidt Elected NAAOU, OABC Prexies

Fun day has become a synonym for Homecoming Day. The 1959 issue of the annual event was deemed a big success by the 300 alumni and friends who attended.

Festivities began with the Oglethorpe-Clemson baseball game on Hermance Field. While the Petrels lost 6-2 to the Tigers, who subsequently reached the NCAA playoffs, the grads got an inkling of things to come. The Birds will have virtually the same team next year plus additional strength on the mound and at the plate.

Coach Frank Anderson was elated with the squad's showing. He also displayed his sense of humor as he quipped with many alumni who played for him during his 28-year reign at Oglethorpe.

The alumni have three separate areas in which they can help:

- National Alumni Dues
- Forward Oglethorpe Fund
- Booster Club

2. How do I make out the check?

All checks or money orders are made out to Oglethorpe University for tax deduction purposes. A notation should be made in the lower left hand corner to denote the specific fund(s) to be credited with your gift.

3. How is the money used?

Checks earmarked "Alumni Dues" support general alumni activities including **The Flying Petrel**, Homecoming Day, dinner dances and other special activities as well as serving as an emergency fund for student extra-curricular activities.

Forward Oglethorpe Funds are placed at the disposal of Dr. Agnew to help the most critical areas of the Oglethorpe program. See the complete breakdown in another article in this issue as to how the Fund was used last year—its first year.

Booster Club dues and gifts are used to aid the physical education, intramural and varsity programs. The major emphasis during 1958-59 was in the varsity program in the form of grant-in-aids.

4. What are the fiscal years for each

(continued page 3)

The Duchess Club served post-game coffee in the Great Hall, after which annual meetings of the NAAOU and the OABC were held.

Dr. Agnew spoke briefly at the NAAOU meeting. He outlined the added potentialities the fieldhouse would give Oglethorpe including adequate facilities for indoor physical education, intramural and varsity activities, a center for revenue producing enterprises, and a focal point on campus which would aid student recruitment and fund raising efforts.

Howard "Nappy" Thranhardt '35 led the slate of officers nominated by the Nominating Committee who were elected to office unanimously. Other officers are: O. K. Sheffield '53, first vice-president; Sam Hirsh, Jr. '50, second vice-president; Francis Scott Key '38, third vice-president; Tommie Carper '37, secretary; and Mary Asher '43, treasurer. Creighton Perry '37, retiring president, is the new chairman of the Board of Directors. Other directors are Betty Villegas '49, Stephen J. Schmidt '40, Amaryllis Barnes '39, Laurence D. Cook '50, and Cecil Moon

GEORGE MURPHY '27

NYU TRUSTEE

George A. Murphy '27, president of the Irving Trust Company, has been elected to the Board of Trustees of New York University. The election was announced on June 25 by George E. Roosevelt, Chairman of the Board.

Mr. Murphy joined the Irving Trust Company in 1931. It is among the world's ten largest banks with assets of nearly two billion dollars. He was named a vice president in 1947, a senior vice president in 1955, and a director in 1956. He became president in January 1957.

A member of the New York State Bar Association, Mr. Murphy is a graduate of NYU's School of Law. He also holds degrees from Oglethorpe University and the Harvard Graduate School of Business Administration.

He served with the U. S. Navy from 1942 to 1946, returning from active duty with the rank of lieutenant commander.

Mr. Murphy is a director of the Warner-Lambert Pharmaceutical Co., The Distillers Co., Ltd., The Columbia Casualty Co., The Commercial Union Fire Insurance Co. of N. Y., and The Better Business Bureau of New York City. He also is a trustee of the Law Center Foundation of NYU.

Mr. Murphy is president of the New Canaan Library in New Canaan, Conn., where he resides.

Perkins '29, Trustee Representative; O. K. Sheffield '53, 1st vice-pres.; Creighton Perry '37, chairman.

FORWARD OGLETHORPE FUND REPORT

Dr. Agnew and the NAAOU officers wish to thank all alumni who have generously contributed to the Forward Oglethorpe Fund during its first year in operation. More than \$1,400 was received, which is an excellent beginning.

To a great extent, the progress of Oglethorpe is tied to the results of this fund. As noted in the report which follows the greatest amount was used to supplement faculty salaries, the largest single need at Oglethorpe.

Report on Expenditure of Forward Oglethorpe Funds for 1958-1959

Total Income	\$1,446.50
Grant-In-Aid for Student Employment	\$200.00
<i>(These funds were added to the student employment budget which is used to assist some 50 students who are working their way in whole or in part through Oglethorpe.)</i>	
Faculty Salary Supplement	\$400.00
<i>(Oglethorpe must continue to upgrade its faculty salaries to keep its superior teaching staff and to attract additional top flight people. College teachers are in short supply and indications are that the supply will become increasingly more critical during the coming decade.)</i>	
Student Activity Fund Supplement	\$300.00
<i>(A well-rounded extra curricular program is important to the development of well-rounded students.)</i>	
Student Lounge Improvements	\$119.88
<i>(TI* sets were purchased for Goodman Hall lounge and the newly created lounge in Lowry Hall. Inadequate lighting in Goodman Lounge is being corrected.)</i>	
Campaign Expenses	\$426.62
<i>(A necessary evil in all fund raising ventures.)</i>	
Total Expenses	\$1,446.50

If you approve of the manner in which these funds were used, please endorse this program with another generous contribution. To you who have already expressed your confidence with a gift, thank you very much.

The Flying Petrel

EXECUTIVES PLEASE NOTE

The following is a reprint from the May, 1959 issue of **Memo from Bonnie DeKalb**, a news letter published by the DeKalb Office Equipment Co. It should be of interest to alumni who own their own businesses or who are instrumental in formulating their companies' fiscal programs.

A TAX DOLLAR SAVED IS MORE THAN A DOLLAR EARNED

In effect, that's the paradox of today's high tax rates. For example, the table below shows that a tax saving of \$100 is the equivalent of over \$1,000 in sales, in a business which has a 20% profit margin. . . .

The Sales Equivalent of a \$100 Tax Saving

(Profit margin is on sales before taxes.

Figures are rounded off.)

At profit margin of:	\$100 tax saving equals sales of:	By comparison \$100 cost— saving equals sales of:
26%	\$ 800	\$ 380
24	870	420
22	950	450
20	1,050	500
18	1,160	550
16	1,300	620
14	1,490	710
12	1,740	830
10	2,080	1,000
9	2,310	1,110
8	2,600	1,250
7	2,980	1,430
6	3,470	1,670
5	4,170	2,000
4	5,210	2,500
3	6,940	3,330
2	10,420	5,000
1	20,830	10,000

This emphasizes that a tax dollar saved is worth almost twice as much as a cost-saving of one dollar. Again taking a company with 20% profit margin before tax, \$100 saved by cost-cutting will be the equivalent, net, of around \$500 in added sales—as against a net equivalent of about \$1,000 if the saving is in the form of tax reduction.

"It may be hard to believe, but it's a fact that a company with, say a 10% profit margin, gains the equivalent of almost \$21,000 in new sales by saving \$1,000 in taxes.

"And note this: where profit margins are smaller, the "tax lever" means greatly amplified savings. For a company whose margin is, say, 4%, a \$1,000 tax saving is the equivalent of more than \$50,000 in additional sales volume!

"If you'd like to work out what a given tax saving would mean in sales equivalent for your company, just fill in this simple formula:

1. Jot down the tax saving you have in mind \$50 . . . \$100 . . . \$1,000—and divide by 48% (assuming the company is in the 52% bracket).

2. Divide this amount by your percentage profit margin.

3. The result will show the sales equivalent of tax saving in your case."

Need we add that company gifts to Oglethorpe, a non-profit organization, will save tax dollars?

July, 1959

QUESTIONS (continued)

of the funds?

All funds have the same fiscal year, which begins and ends on Homecoming Day.

5. What is Oglethorpe's greatest asset?

Informed, interested and active alumni.

6. Are there different ways to give?

Yes. In addition to cash (including checks,) other real or personal property can be turned over to any of the funds or directly to Oglethorpe. Some alumni find it advantageous to give stocks or bonds.

7. Is active alumni participation limited to graduates?

No. Records are kept on all persons who attended Oglethorpe.

8. Can I give my annual gift in installments?

Yes. Several alumni mail their gifts in three installments as suggested in the campaign literature. If you prefer, several checks, each post-dated in different months, can be sent at the same time. The alumnus will receive additional credit after each check is deposited. Other methods which might make it more convenient for you would probably be equally acceptable.

9. Is there a limit to how much I can give to any fund?

No. Actually, due to the present Federal Income Tax Structure, alumni in high tax brackets may find it to their advantage to give a sizeable sum. However, they should keep in mind that whether they give to all funds or single out one, they are, for tax-deduction purposes, giving to one non-profit organization—Oglethorpe University.

10. Can alumni meetings be arranged for in my area?

Very probably, especially in Georgia and adjacent states. Notify the Alumni Office if you are interested in having a meeting, and we will send out the notices if desired.

11. Can I get information about Oglethorpe, especially that concerned with the admission of students from the Alumni Office?

Yes. The principal function of the Alumni Office is to serve as liason between the alumni and the University. It is suggested that questions pertaining to admission to Oglethorpe be directed to the Director of Admissions. However, if requested the Alumni Office will send application blanks or catalogs to alumni.

WE NEED YOUR ADVICE

Though never realized, perfection must be continually and aggressively sought.

The Flying Petrel, your official news medium, is far from perfection. In its pages each quarter are news stories which give you a cross section of Oglethorpe, past, present and future.

We would like to include additional information that you do not now find in The Flying Petrel but which you feel would be of general alumni interest.

In addition, the Alumni Office is anxious to know how it can be of greater service to you.

Please write the Editor your suggestions so that both The Flying Petrel and the Alumni Office can serve you better.

H-DAY (continued)

'36. Sydney Mobley '59 is the senior class representative, and William C. Perkins '29, the representative from the Oglethorpe Board of Trustees.

"I've had the best time of my life since two o'clock today," said Coach Anderson at the Booster Club Meeting. He added, "Memories come surging in like the tides of the ocean." He then launched into a short but fast-paced series of anecdotes, some new, some familiar, as only Coach Frank can.

He ended by saying, "Your coach . . . has done a magnificent job. Let's back him up. I mean let's back him up with a check." The crowd gave him a standing ovation.

Steve Schmidt '40 was re-elected president of OABC. Others elected are: Cecil Moon '36, first vice-president; Dr. Willard T. Hunnicut '33, second vice-president; James E. Henderson, Jr. '52, secretary-treasurer; and Billy Carter '59, graduating representative. The new Board of Directors is headed by James H. Hinson, Jr. '49, chairman, and George Kolowich, Jr., '43, vice-chairman. Other members are Donald J. Bloemer '53, Dr. J. Gordon Brackett '42, Wendell W. Crowe '25, Robert B. Oliver '57, and William C. Perkins '29.

Following the meetings, a delicious smorgasbord dinner was served in the cafeteria.

Campus activities were climaxed by the Oglethorpe Player's production of "The Lady's Not For Burning," one of the finest and most professionally done plays presented in recent years.

Coach Frank and Lucien "Bird" Hope '21 remember the good old days.

After the Clemson game Coach Frank Anderson congratulates Coach Pinholster on a well-coached team.

Dr. Agnew receives another installment (\$600) from OABC president, Steve Schmidt.

From left, Bob Oliver '57, Hoyt Farmer '37, "Nappy" Thranhardt '35, Don Bloemer '52, and O. K. Sheffield '53.

PETRELS POST BEST SEASON IN DECADE

Leaning heavily on the battery, Tommy Norwood and Billy Carter, the Petrel nine racked up their best season in ten years with a 9-3 record.

Billy Carter, who played catcher last year for the first time in his life, led the squad in batting; sporting a neat .400 average and a .700 slugging average. He topped the team in runs scored, too, with 17.

Tommy Norwood, a freshman, pitched a 7-2 win-loss record this season and was runner-up at the plate to Carter with a .375 average. Norwood also is credited with 12 RBI's, highest for the team. Harold Adair, the only non-basketball player on the squad, followed closely with a .351 average and scored 14 runs. Freshman Jay Rowland with a .320 batting average rounds out the four over-.300 batters.

These four boys crossed the plate 51 of the 81 runs scored this season.

Carter, Norwood and Roger Couch accounted for all of the homeruns with two apiece.

Joe Sewell, plagued by an infection on his hands all season, edged Norwood in pitching with 2.12 earned runs per game. Norwood had a 2.22. Sewell won two games and lost none.

The Petrels ended their season standing second in the GIAC, one game off the pace. Piedmont, which took the championship, was never able to play their last game due to weather conditions. If they had played and lost, Oglethorpe would have tied for first, and a play-off would have been necessary. But these are things that might have been. During the regular season, the Birds split with Piedmont.

One of the losses this year was against Clemson's Tigers, the top collegiate team in the South. The alumni saw Oglethorpe lose by a very creditable 6-2 in a game that was close and exciting all the way. Roger Couch led the Petrel attack with a 375 foot homerun.

Only two men on this year's team will not be back for 1960: Billy Carter and first baseman Frankie Lentz. As of now, Oglethorpe needs a catcher.

First base will be occupied by southpaw Morris Mitchell who smacked a four-hundred foot homerun this year in the Georgia High School All-Star game. The mound corps will be strengthened by the addition of John-

July, 1959

BOOST THE PETRELS

In May I had the pleasure of watching Coach Pinholster and the Petrel basketball team in several spring practice sessions. Now I know it wasn't luck or an accident that we won 24 games last year. Every minute of the practice session is well organized and every ball player works intelligently with 100 per cent effort. If you could see this team, you would be as enthusiastic and proud of it as I am.

If you can possibly see the Petrels play this season don't miss them. Last year they had a great team. I believe this team can possibly be better. Don't be a bit surprised if your Petrels beat Georgia on December 1. (You're on the spot, Coach.)

Now, let's get behind this program and support it with your interest and your dollars. May we remind you to keep in mind the three fund raising projects: The "Oglethorpe Move" (Cherry Transfer and Storage Co., MUrray 8-6660), The "Petrel Pool" (Buttrill Builders, DRake 3-6644) and The "Oglethorpe Car" (Beaudry Ford, Jackson 2-3296).

Steve Schmidt
President, OABC

Beaudry Ford Joins OABC

Beaudry Ford in Atlanta has agreed to boost the Petrels by contributing \$25.00 to the OABC for each new or late model used car and truck it sells as a result of Oglethorpe Alumni leads.

Beaudry is a reputable Atlanta firm in its 43rd year of operation.

This is another way that you can boost the Petrels with no expense to you.

Remember the OABC will receive credit for an "Oglethorpe Car", "Oglethorpe Move", and "Petrel Pool" whether an alumnus or anyone else asks that credit be given.

Here are the names of the firms that we have in our corner:

Beaudry Ford

Buttrill Builders
(Esther Williams pools)

Cherry Transfer & Storage Co.

P. S. If you are near Covington, Ga., see Wendell Crowe '25, owner of Covington Auto Service, for your Fords, used cars, and trucks.

More good old days with Pat Stephens '27, Hoyt Farmer '37, Coach Anderson 1916-1944, Johnny Knox '21, Ralph King '39, and "Lefty" Willis '25 (deceased).

ny Guthrie, an All-Star game pitcher of last year as well as a good batsman. Additional help at the plate is expected from transfer, John Kuiken.

Oglethorpe, reknowned for its fine baseball teams of the past, seems destined to enjoy another era of top flight baseball.

FIRST PROCEEDS FROM OGLETHORPE MOVES

More than \$200 dollars has been turned over to the OABC by Cherry Transfer and Storage Co. as a result of Oglethorpe moves.

In addition, approximately eight Oglethorpe moves are presently being negotiated.

REMINISCING WITH THE WENDELL BROWNS

This is the season when the most popular part of the campus is Lake Phoebe. No matter how old an alumnus you are, you probably remember the lake, under one name or another, as a part of college life. And the lake was there long before you were. Some ten years ago, we met a man, probably around sixty-five, who had played there as a boy and who introduced us to his mother, let us not ask how old a woman is. She averred that the dam had been there when she came to the neighborhood seventy-five years before. If this is true, Lake Phoebe is one of the oldest bodies of water in these parts.

When Oglethorpe moved to this campus, the lake, then Silver Lake, and the property around it were in the hands of the Silver Lake Park Company and later of the Lake Forest Development Company. In 1936, William Randolph Hearst bought the whole area and presented it to Oglethorpe, whereupon the name of the lake was changed to Phoebe in honor of his mother.

During the years of World War II when the campus had fallen on evil days, the lake had degenerated into a hangout for squatters and other riff-raff. The beach was mud studded with tin cans and broken bottles; broken-down shacks were holding together here and there; and old, snake-infested walkways sagged into the water along the shore. A committee of alumni, trustees, and faculty was formed in the fall of 1944 to clean it up. It was done, mainly by alumni, I might say. We remember particularly Tom Bartenfeld '24, who donated time, trucks, and other equipment to snake logs and debris out of the water. All buildings were torn down, the beach cleaned, sand brought in, a retaining wall made, and a fine bath house (now destroyed by vandalism) built. For three years we let the public in — for a price, but since then it has been for the exclusive use of Oglethorpe people.

Perhaps the most interesting episode connected with the lake occurred in the early twenties. An Oglethorpe marksman, who shall be nameless, shot the bolts off the drain valve of the dam, whereupon the usual happened, and the lake disappeared. As the level fell, fish collected in the remaining water, some enterprising students, Frank Sims '22 and Edgar Watkins '23, to mention two, trucked them out to sell to the fish market.

THESE WERE THERE

Make your plans now to join the following alumni who attended Homecoming '59 at next year's H-Day fun:

DR. SINCLAIR '22 RECEIVES LEMON AWARD

Dr. Walton B. Sinclair '22, Professor of Biochemistry and Chairman of the Department of Plant Biochemistry at the Riverside campus of the University of California, received the coveted Lemon Men's Club annual Award of Honor in May.

The award was given to the Citrus Experiment Station scientist for his contributions to the California citrus industry through research on the biochemistry of citrus fruits.

In addition, the club cited: "Professor Sinclair's investigations of pectic constituents of fruit, carbohydrates and organic acids in peel, pulp and juice, composition of granulated fruit and effects of environment and root stock on fruit composition.

"This research has provided invaluable information leading to improvements in production, handling and processing," the citation noted.

"He is also an international authority on the effects of gaseous fumigants on plants with contributions ranging from the first fundamental information on the effects of cyanide on citrus to current investigations of bromine fumigants in the control of fruit flies."

Dr. Sinclair is co-author of **The Lemon Fruit**, an authoritative book on the composition and physiology of the lemon. He is currently working on books dealing with other varieties of citrus.

July, 1959

THROUGH THE YEARS

James H. Hamilton '24 is a civil engineer with Wiedeman and Singleton, hydraulic engineers.

Dupree Jordan '26 is in his 12th year as Atlanta District Manager of the Life Insurance Co. of Georgia. He lives at 1160 St. Charles Place, N.E., Atlanta 6, Ga.

William Leonard "Lefty" Willis '25 died unexpectedly in May as a result of a heart attack. He attended H-Day two weeks before the seizure. He lived at 1485 Rogers Avenue, S. W., Atlanta, Georgia, with his wife.

Earl Mann '28, President-Owner of the Atlanta Crackers AA baseball club, celebrated his Silver Anniversary with the team on July 9. An hour's entertainment preceded the game with Chattanooga which the Crackers won 9-4. They exploded for nine runs in the second to give him the best present he could want.

At a KD meeting in May, **Miss Katherine Koonce '29** was named day-group president and **Mrs. Philp (Jeane Mulder '41) Scales** was elected day-group secretary. **Mrs. Paul T. (Caroline Bennett '30) Arnold** is the new night-group treasurer. The meeting was held at the home of **Mrs. Stephen (Jeanne Fuller '42) Schmidt**.

Mrs. Henry Kurt (Madge Lee Chastain '30) Stoessel will have her name mentioned in the new **Who's Who of American Women**. She has written and illustrated some 15 successful children's books since 1945. In 1930 Mrs. Stoessel went to New York City to continue her art studies. She has also exhibited paintings and etchings in group shows including the Metropolitan Museum of Art. Her daughter, **Roxana Ellen Stoessel**, is a senior at Barnard College.

Miss Sara Lee Hogan '34 is teaching at Murphy High School in Atlanta.

Larry "Hunk" Slay '39 is athletic director at Fort Pierce High School, sells insurance with Equitable Life Insurance Co. and directs the summer recreation program in Fort Pierce.

Marshal '41 and Mary Asher '43 will visit his parents in Texas during the latter part of July.

Dr. and Mrs. Thomas (Beatrice Nix '43) Haines are living at 5827 Conway Rd., Bethesda, Md. Dr. Haines is with the U. S. Public Health Service assigned to the Cancer Institute in Bethesda.

William Faver '48 is in his fifth year as Principal of the Maple Street Ele-

mentary School in Clayton County, Ga.

Elmer Edling '49 is assistant buyer in summer furniture at Rich's.

Ray Holley '49 is in his tenth year at Rich's Department Store. He is in the furniture department.

Married: **Roy Speir '50** to **Peggy Jane Outen** of Monroe, N. C. on June 13. Roy is an application engineer with Westinghouse in Atlanta. Mrs. Speir will teach in the Atlanta School System this fall.

Born: To **Mr. and Mrs. C. W. (Julianne Hartrampf '51) Carver** a daughter, **Ann Agricola**, on March 16. She is Julianne's second daughter.

Born: To **Mr. and Mrs. Charles Reyner '51** a son, **William Scott Reyner**, on May 21. William weighed in at 6 pounds 3 ounces to join his 15 months old brother, **Shay**. The Reyners live at 4000 Kenilworth Rd., Columbia, S. C.

Don MacNeil '51 is head salesman with Associated Transport in the area around Springfield, Mass. He and **Mary Louise Watkins MacNeil '51** have three children: **Dora**, 6; **Beth**, 4; and **Don, Jr.**, 1, and are expecting at least one more in November. They live at 44 South Shore Dr., in Springfield.

Mrs. William (Betty Watkins '53) Kessler lives with her husband and 2 daughters, **Cherrie**, 2, and **Virginia**, 8 months at **E. Quaker Rd., Orchard Park, N. Y.**

Born: To **Mr. and Mrs. Edd (Betty Brumbelow '53) O'Quinn** a son, **Robert Patrick**, on February 1. He weighed 8 pounds 10 ounces at birth. Betty taught the seventh grade in the Spring Street Elementary School, and she will return there this fall.

Born: To **Lt. and Mrs. Hermann Niemeyer '54** a daughter, **Lerona Lockwood** on May 6. The family lives at 7812 Chateau Dr., Jacksonville 5, Fla.

Frank Specht '54 has been an attorney with the NLRB in Atlanta since January 1.
